#### 2011 County Road Agency Federal-Aid and Grant Use Summary

The following data is taken from a January 2012 survey of county road agencies; with 79 of the 83 counties responding.

### 14 county road agencies turned down or postponed available financial resources (federal aid, etc...) due to a lack of matching funds in 2011?

- These counties include: Baraga; Berrien; Branch; Clare; Dickinson; Eaton; Kalkaska; Mason;
   Oceana; Ontonagon; Schoolcraft; St. Clair; Van Buren; and Wexford.
- Many counties indicated they did not turn down federal funding only because other revenues (donations from townships, county wide road millage revenues, and Transportation Economic Development Fund- Category D) were made available to provide the match.
- Other counties reported that project lengths were shortened; or that they utilized force account
  work which allows the manpower and equipment that the road commission already has on hand
  to be their match.

# 20 county road agencies are no longer applying for all available federal funds for safety grants, etc...?

- These counties include: Alcona; Alpena; Baraga; Branch; Dickinson; Eaton; Emmet; Lenawee; Luce; Marquette; Newaygo; Osceola; Oscoda; Ottawa; Sanilac; Schoolcraft; St. Clair; Van Buren; Washtenaw; and Wexford.
- The counties who have made this decision indicated that matching funds would not have been available for the safety grants and other optional programs (CMAQ- Congestion Management and Air Quality, HRRR- High Risk Rural Roads, and TEDF – Transportation Economic development Fund).
- Counties also indicated that providing funds for preventative maintenance is their highest priority.
- The Dickinson County Road Commission lost a safety project in 2010 due to a lack of matching funds.

# 17 county road agencies anticipate turning down or postponing available financial resources (federal aid, etc...) due to a lack of matching funds in 2012?

 These counties include: Berrien; Branch; Clare; Clinton; Delta; Dickinson; Eaton; Emmet; Grand Traverse; Hillsdale; Luce; Newaygo; Oscoda; Schoolcraft; St. Clair; Van Buren; and Wexford. Baraga CRC indicted this may be a possibility.

#### 56 counties indicated that it may be possible for them to utilize additional federal-aid funding if it were made available.

• The attached chart indicates individual county responses on their ability to match and for what period of time.

| Mackinac             | Yes      | We would match with township participation - unknown for how long.                                                                                                   |
| Macomb               | Yes      | dikilowii for flow long.                                                                                                                                             |
| Manistee             | Yes      | For only one year                                                                                                                                                    |
| Mason                | Yes      | The storm of 2008 provided much needed non-MTF (FEMA revenue) to help restore                                                                                        |
| Mecosta              | Possible | this CRC.                                                                                                                                                            |
| Missaukee            |          | We have been able to go to the townships for some of the help with local match.                                                                                      |
|                      | Yes      | Not sure for how many years. We match with other available state or township funds.                                                                                  |
| Muskegon             | Yes      | Depends on the amount of federal aid available                                                                                                                       |
| Newaygo              | Yes      | We could, but would need to cut other expenditures to provide the match.                                                                                             |
| Oakland <sup>©</sup> | Yes      | At least three years. Every year we prepare a three year financial plan. The current                                                                                 |
|                      |          | plan shows we will be able to match the federal aid. We do not make projections beyond the three year plan.                                                          |
| Oceana               | Yes      | Hopefully 2-3 years                                                                                                                                                  |
| Ogemaw               | Yes      |                                                                                                                                                                      |
| Otsego               | Possible | Possibly 2-3 years - It would be necessary for us to have financial partners (twps).                                                                                 |
| Ottawa               | Unsure   | We cannot answer this question. We would like to say yes, but it would have to be                                                                                    |
|                      |          | reviewed on a case-by-case basis.                                                                                                                                    |
| Presque Isle         | Yes      | Depending on size of project and our 20% match amount, we may do so for 2-3 years.                                                                                   |
| Roscommon            | Yes      | Indefinitely - We would borrow if needed to leverage dollars at 4 to 1.                                                                                              |
| Sanilac              | Yes      | We have a 2 mill primary road millage that could be used for matching money.                                                                                         |
| Schoolcraft          | Yes      | If more funding was available, we would collaborate with townships to fully use all                                                                                  |
| St. Clair            | Haarra   | funds available.                                                                                                                                                     |
|                      | Unsure   | If county millage funds were available.                                                                                                                              |
| t. Joseph            | Yes      |                                                                                                                                                                      |
| uscola               | Yes      | TCRCs current primary road millage is due to renew through year 2016.                                                                                                |
| Vashtenaw            | Yes      | At least for 2012 and 13                                                                                                                                             |
| Vexford              | Yes      | It will depend on what type of funding, how it could be used and what the matching % was - for example if money could only be used for reconstruction, it would take |
|                      |          | away from our preventative maintenance program.                                                                                                                      |
